California Public School Directory CD-ROM Products

Are you reaching your audience?

Every year organizations and businesses know they can rely on the California Department of Education's *Public School Directory* to reach their target audience. The Department now offers CD-ROM products that allow you to easily create custom mailings to help you reach the education community. The Electronic Public School Directory (ePSD) is updated regularly to provide you with the most current school-contact information available. The Department offers two valuable CD-ROM products: ePSD Standard and ePSD Complete.

- **ePSD Standard** includes basic mailing addresses, including a primary contact, for schools, district offices, and county offices of education.
- **ePSD Complete** includes all the information in the ePSD Standard plus telephone and fax numbers, physical addresses, grade spans, enrollment figures, and year-round and charter status.
